

Energy Focus, Inc. to present at Jeffries 11th Global Clean Technology Conference

SOLON Ohio, February 22, 2011 – Energy Focus, Inc. (NASDAQ: EFOI), a leader in providing energy efficient lighting solutions, today announced that it will present at Jeffries 11th Global Clean Technology Conference at the New York Palace Hotel, New York, NY on February 24, 2011.

Jeffries is a global securities and investment banking group providing world-class investment banking to a diverse range of corporate clients, institutional investors and high net worth individuals through their offices in more than 25 cities around the world. <http://www.jeffries.com/>

The Global Clean Technology Conference will feature presentations from over 100 leading public and private companies across the clean technology spectrum including energy efficiency & energy infrastructure, smart grid, solar, lighting, water and wind. Energy Focus, Inc. will be one of only 4 companies to present on the future of lighting.

Joe Kaveski, CEO Energy Focus, Inc.: “ We are honored that Jeffries values our expertise on the subject of lighting and are excited to present at this year’s conference. Topics we plan to discuss include the integration of our new lighting solutions business, the emergence of our military lighting market, and IntelliTube™ our intelligent solid state lighting technology that promises to take retrofit lighting to the next level by wirelessly integrating demand response systems into the electrical grid.”

About Energy Focus, Inc.

Energy Focus, Inc. is a leading provider of energy efficient LED lighting products and turnkey energy efficient lighting solutions, holding 69 relevant lighting patents. Our solutions provide energy savings, aesthetics, safety and maintenance cost benefits over conventional lighting. Our long-standing relationship with the U.S. Government includes numerous research and development projects for the DOE and DARPA, creating energy efficient LED lighting systems for the U.S. Navy fleet and the next generation Very High Efficiency Solar Cell. Customers include supermarket chains, the US government, state and local governmental agencies, retail stores, museums, theme parks and casinos, hotels, swimming pool builders and many others. Company headquarters are located in Solon, OH, with additional offices in Nashville, TN, Pleasanton, CA, and the United Kingdom. For more information, see www.energyfocusinc.com.
